No. 80. Read the following letter from the Secretary, Lawrence Military Asylum Commission, to the Secretary to the Government of Madras, dated Simla, 2nd July 1872, No. 207 :—

I HAVE the honour to request that you will, with the sanction of His Excellency the Governor, request the officer, lately employed in taking the census of your Province, to furnish me with a tabulated statement showing the European and Eurasian population, with details of men, women, and children.

Mr. Gover of Madras has been good enough to send me such a return for the town of Madras itself, but the statement I am now asking for should show the population, European and Eurasian, of the Presidency towns as well as of the Province. It might be in the annexed Form :—

	European.				Eurasian.				Total.			
	Men.	Women.	Boys	Girls.	Men.	Women	Boys.	Girls.	European Adults.	Eurasian Adults.	European Children.	Eurasian Children.
Town of Madras...												
Presidency of ...												
Total...												

If Military effectives are returned with the Civil population it would be as well to show in a note the strength, respectively of Military men, women, and children.

It is necessary that I should obtain this information with as little delay as possible, and the return is itself so simple that you will perhaps permit the Census Officer to forward it to me direct, and, if possible, within the present month.

No. 81. ORDER THEREON, 13th July 1872, No. 1,048-A.

Miscellaneous.

THE Board of Revenue will cause Mr. Lawrence to be furnished as speedily as possible with the required information.
