*Proceedings of the Madras Government, Revenue Department,
18th January 1872.*

No. 216. Read the following Proceedings of the Board of Revenue, dated 18th December 1871, No. 5,065 :—

Read the following letters :—

From the Acting Collector of North Arcot, to the Acting Secretary to the Board of Revenue, dated Chittoor, 13th April 1871, No. 215.

With their Proceedings of the 30th June last, No. 4,608, the Board communicated to me the Order of Government dated 23rd idem, No. 929, in which the Government suggest that the endowment for the Arconum Chuttrum may be made from the waste lands of some village as near the Chuttrum as possible.

2. Having accordingly directed inquiries to be made as to what waste land is available in villages adjacent to the Chuttrum, I am informed that in the village of Peroomoochi, which is about a mile and-a-half distant from Arconum, there are, according to the Paimash (Survey) accounts of the village, 141-10-8 Kanies of nunjah (wet) and 129-14-0 Kanies of punjah (dry) lands lying waste. Of the 141-10-8 Kanies of wet land Kanies 11-1-0, only bearing an assessment of Rs. 60-5-0, are available for cultivation, the remaining portion being either in the waterspread of a tank, or so much cut up as to be entirely unfit for cultivation. The whole of the punjah lands, the assessment of which amounts to Rs. 170-12-9, is stated to be fit for cultivation. The ryots are willing to take up and cultivate any portion of these lands on account of the Chuttrum, provided such land be given to them at reduced assessment.

From the Collector of North Arcot, to the Acting Secretary to the Board of Revenue, dated Chittoor, 27th November 1871, No. 560.

I HAVE the honour, with reference to Mr. Grose's official memorandum of the 24th April last, No. 555, to submit a statement giving the particulars of the lands which I would propose should be assigned as an endowment for the Chuttrum at Arconum.

2. The land which is situated in the village of Peroomoochi in the Wallajah Talook is "Dry" waste, and measures 120 Kanies. The assessment according to present classification (21st and 24th classes) would amount to Rs. 157-3-6.

3. The ryots agree to take up this land, provided it is transferred to the 32nd class.

4. The assessment would then be reduced to exactly Rs. 60, the amount to which the proposed endowment is limited.

5. I beg accordingly to recommend that the land in question be transferred to the 32nd class and assigned as endowment to the Chuttrum at Arconum.

ENCLOSURE No. 1.—Statement.

SUBMITTED to Government, with reference to their Order, Revenue Department, No. 929, dated 23rd June 1870.

2. The Board recommend that the Collector's proposals be carried out.

*Proceedings of the Madras Government, Revenue Department,
18th January 1872.*

3. No explanation is given of the delay in replying to the Board's reference of the 24th April last, a delay which certainly required some explanation.

No. 217.
