Revenue DEPARTMENT

G.O. No.	115	Press
B.P. No.		Mis.
Dated	21-5-1872	195

Not to be folded or roughly handled

PROCEEDINGS OF THE BOARD OF REVENUE,

Dated 17th May 1872.

Read the following

No. 454.

From,

G. Vansethgum Esq.
Collector of Ceylon.

To,

J. Grose Esq.
Secretary to the
Board of Revenue Madras.

Sir,

Offs. Collector's
letter dated 20th
November 1871, No. 19.

Kavali Tahsildar's
Arzi dated 10th
February 1872, No. 404.

From the correspondence marginally noted, it appears that in Saravayapalem, a hamlet of Anemadga in the Kavali Taluk, the following fields are enjoyed by the Villagers as cattle stand and burning ground.

No. of field	Acre
140	"
141	"
142	"

Acre 19.35

2 These fields are entered as Government unoccupied waste. I have the honor to request sanction to transfer them to the head of "Public Purposes".

3. The Tahsildar who inspected the

the spot states that the fields in question should be allowed for the purpose named, as the Villagers would be put to much inconvenience were they given on Durkhab for cultivation.

Vellore Collector's Office, I have & ca
4th March 1872 } by S. J. McCarthy
for Collector

No 734.

From, G. Vansetgnew Esq.
Collector of Vellore

To, J. G. P. Esq.
Secretary to the Board of Revenue
Madras

In reply to the Board's Official Memorandum, No 387, dated 12th March 1872, I have the honor to submit the following information:

1st - The area of the three fields is given below. But the fields do not appear to have been ascertained.

No	Acres
140	9.09
141	6.59
142	3.67
	<u>19.35</u>

2nd. All these three fields are at

at present used both as burning ground and Cattle stand. There is no other land used for these purposes by the residents in the hamlet.

3rd. The population of the "Kaunta" or mother village Chennadugu is 502. The residents in it have nine acres allotted for burning ground and Cattle stand. The population of the hamlet in question is 587, and it appears that there is a larger number of horned cattle in the hamlet. As the fields are actually used for the purposes named, and the occupation of these fields by individual ryots would put the whole community to inconvenience, the Tahsildar on personal inspection of the locality considers that they should be transferred to the head of "Public Purposes". In field No 137, which adjoins the fields in question there is a drinking pond for cattle. It appears that when the

the pond is dry, temporary ponds are
excavated in the fields in question
for the cattle.

I have + ca
Nallor Collector's Office } J. C. Hughson
12th April 1872. } Sub Collector
for Collector

Submitted for the sanction
of Government.

It is proposed to transfer
to the head of "Land reserved
for Public purposes" acres 19.35
of unoccupied waste now used
as cattle stand and burning
ground in Saravayapalem a
hamlet of Anumadugu in the
Kavali Taluk.
