*Proceedings of the Madras Government, Public Works Department,
4th September 1871.*

No. 44. Read the following letter from the Superintendent Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Goodibundah, Kseerah Taluq, Bellary District, 12th August 1871, No. 923:—

With reference to G. O., No. 141 dated 22nd April 1870, (Miscellaneous,) communicating the orders of Government regarding the Revenue Department regarding the employment of Local Fund Overseer for Imperial Works, I have the honour to submit the following for the consideration of Government, and to request their orders as I find those orders do not clear the present case.

2. Mr. Wade, Taluq Overseer of Pullumpett, in the Cuddapah District, proceeded on one month's privilege leave on the 1st July 1871, and before the expiry of this leave submitted a medical certificate for three months' sick leave, but pending further reference this latter description of leave (which will also include the former, and which will have to be commuted to sick leave,) has not yet been granted. During Mr. Wade's absence the Local Fund Overseer has had charge of the whole of the works of the taluq, and it must be manifest that he must be continuously travelling about and for what purpose has to maintain suitable equipage, I request to know if, under the circumstances, the Local Fund Overseer may be granted double horse allowance travelling allowance, whichever he is entitled to under the rules, for the period he is in charge of the taluq.

No. 45. ORDER THEREON, 4th
