2. I shall be obliged by your order to enter these sums against the amount realized by the sale of the land.

No. 334. From the same Officer

IN reply to your memorandum of the 1st February, I have the honour to enclose copy of the Collector's reply to your letter of the 28th January by the sale of the land in the Evani and Kaitapully villages.

2. The Range Officer reports that the land in the Evani village is not good, but he is surprised at the small sum realized by the sale of the land. In his opinion that the land is fertile and that the tank bed is not good. I stand why there was no competition for the land. I fully concur in this department to procure its surrender. I have no objection to the action in the matter of a grant of a tank bed. The proposition was opposed by the Tahsildar.

3. In all cases of conversion of a tank bed into a reservoir, the opinion of the Superintending Engineer is called for under ruling of the Board of Revenue. If he is of opinion that the tank bed is useless as a reservoir, and the Collector is of opinion that the land is not good, the Board sanctions the sale.

From the Officiating Collector, Kistna District, dated Masulipatam, 1871, No. 859.

With reference to your letter No. 351, I have the honour to inform you that the prices at which tank beds were sold in the Evani and Kaitapully villages were very low compared with those at which the lands in the
