*Proceedings of the Madras Government, Revenue Department,
29th August 1872.*

No. 225. Read the following letter from the Director of Revenue Settlement, to the Secretary to Government, Revenue Department, Fort St. George, dated Madras, 24th August 1872, No. 1,514-47 :—

THE Board of Revenue having, in paragraph 11 of their Proceedings dated 17th July 1872, No. 1,342, requested that I would return to Mr. Puckle the hands belonging to the Tinnevelly Party but working under me in Chingleput, it becomes necessary that I should now make a formal application to Government for the sanction of a small party, in order to complete the settlement operations now in progress in the Chingleput District.

2. The Government are aware that after the report was furnished for the lands under the Red Hill and Cholaveram Tank Projects, the small party, composed of drafts from Tinnevelly and elsewhere, carried on settlement work in the Sydapet and Ponnery Taluqs, and were, by Government Orders dated 7th February last, No. 254, authorized to extend their operations into Trivellore, and thus complete the whole of the Principal Division, which would form the subject of a distinct settlement report as sanctioned by the above quoted Proceedings.

3. Now, however, that the Tinnevelly employes are to be sent back to their former posts, and now that the introduction of the new rates into the Guntur portion of the Kistna necessitates all hands appertaining to that party joining at once, I have the honour to submit, for the sanction of Government, the following proposed establishment to be employed in the Chingleput District, and to work as heretofore directly under my orders :—

4. The rates of salary are the same as those now given in other parties, and the only point upon which I must offer explanation is as regards the pay of

5. Iyyaviengar has been in the department ever since its formation in 1858; and before this was, for many years, in Revenue employment in South Arcot. As he happened to be available when work commenced in the Chingleput District, I put him in charge of the party, and he has managed the entire work very satisfactorily, doing, in fact, the duties of Deputy-Director, Sheristadar, and Supervisor all combined. Now, however, that the settlement of these three

taluqs† is actually about to begin, his work and responsibilities will increase, and I need hardly say that he will have

no easy time of it when the lands of all the Madras Native Barristers, Lawyers, Dubashes, Government servants and other influential people, come under final settlement. As I have had no Deputy or Assistant Director in the Chingleput District, and as the whole affair will have been very economically managed, if I am able, as I hope, to send in a satisfactory report upon these taluqs by the end of the official year, I trust Government will accede to my recommendation, and permit Iyyaviengar to receive the enhanced salary as now proposed.
