

*Proceedings of the Madras Government, Revenue Department,
6th September 1872.*

No. 39. Read the following Proceedings of the Board of Revenue, dated- 21st August 1872, No. 1,652:—

Read the following letter from R. K. PUCKLE, Esq., Collector of Tinnevely, to the Secretary to the Board of Revenue, dated Tippanampatti, 23rd July 1872, No. 314:—

I HAVE the honour to request sanction for the accompanying estimates, which embrace Nos. 49, 50, 51, 52 and 53 of Petty Construction and Repair in the Budget for 1872-73.

2. Early sanction is solicited, as the work should be begun at once.

THE two estimates received, amounting to Rupees 7,600, for the salt works noted in the margin, will be submitted for the sanction of Government to save time.

	Amount of Estimate. RS.
1. Cutting a channel and raising a bank around the Salt Pans at Korapad and constructing a sluice for irri- gating the same	3,050
2. Extending and improving sea-water channel and raising the banks around the Pans at Arasady and constructing a sluice for irrigat- ing the same... ..	4,550
Total...	7,600

2. The provision in the items 49 to 53 in the sanctioned list of Petty Construction and Repairs for 1872-73, which are stated to embrace the present estimates, amounts only to Rs. 3,300. The Collector is requested to point out the source from which the excess charge can be met.

In submitting for the sanction of the Board estimates for new works, the necessity for the same must be briefly but clearly explained. Of the two estimates now received, one is for cutting a new channel, and the other is for extending and improving an old one. It is nowhere explained why these works have now become necessary, nor why they are preferred to the works for which they are substituted. In replying to paragraph 2 *supra*, the Collector will give information on these points; and the Board will then consider the propriety of sanctioning the proposed re-appropriation of funds.

No. 40. ORDER THEREON, 6th September 1872, No. 1,291.

Separate Revenue No. 3.
Salt.

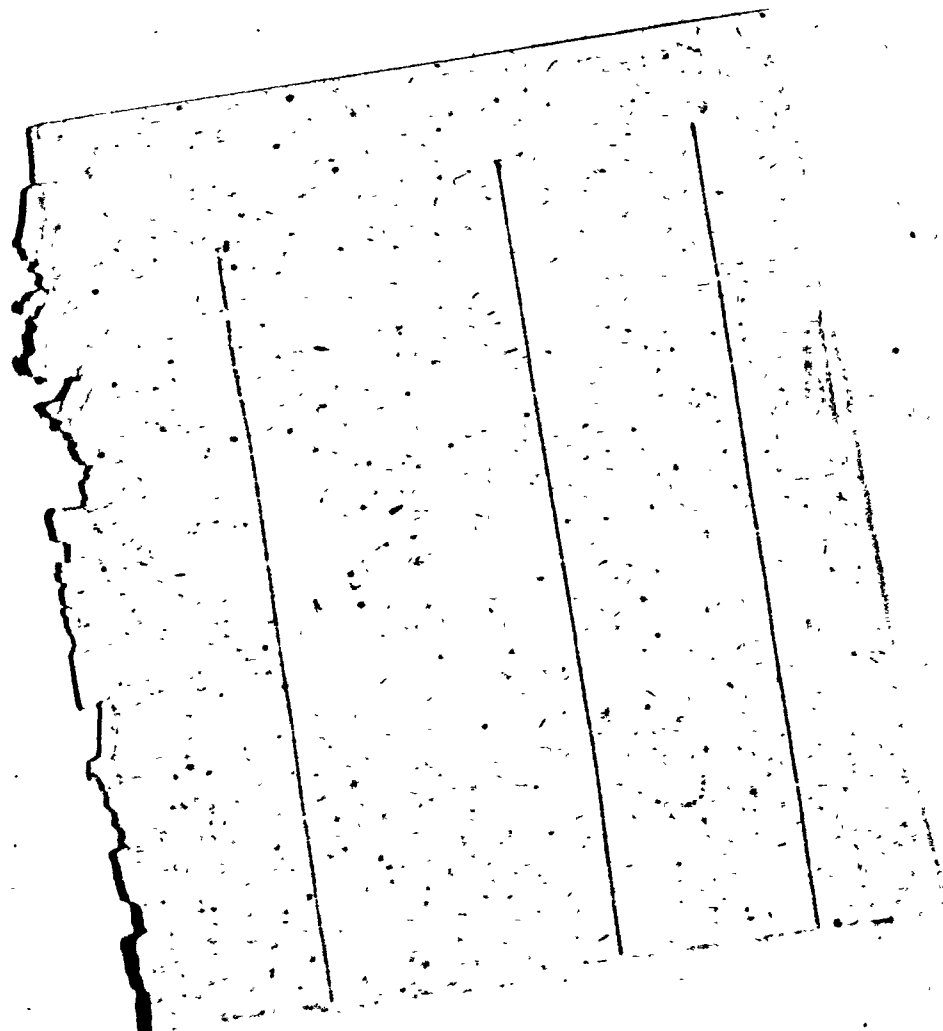

THE plans and estimates are sanctioned in anticipation of the Board's approval.
