Miscellaneous No. 1653

Proceedings of the Board of Revenue.
Dated 14th March 1872.

Read the following:-
From J. L. Hamington Esquire
Acting Master, Krishna District
To J. Lyse Esquire
Secretary to the Board of Revenue
Madras.

Sir,
1. I have the honor to lay before
the Board the following claim made
by the Zamindar of Davara Kott
Pirganah for remission of water-
tax levied from him on lands left
waste and dry cropped in fushies
1277 and 1278.

2. In fushies 1277 and 1278 the
Zamindar applied to the Collector
for permission to reconvert into
dry. Ac. 1,432-62 of land taken up
as wet, owing to the soil being rendered
unfit for wet cultivation by "haradai".

3. These lands having been irrigated
for three years in succession, were
permanently.

permanently classed as irrigated under rule 2 of the rules for the assessment of water-rate, and as the water rate rules preclude compliance with such application except in cases, where the lands are permanently beyond the reach of irrigation, the Zemindar was required to produce Certificates from the officers of the D. P. Works to the above effect.

4. On the reports of the Zemindar that the above lands were not wet cropped and irrigated in fushies 1277 & 1278, inquiries were made by the Collector, and water rate on Ac. 2,466-27 was remitted. There remained Ac. 1966-35 for which water-tax was charged and included in the demand against the Zemindar.

5. All the above Ac. 4,432-62 of land were re-transferred to dry in fushy 1279.

6. In August 1870, the Zemindar produced the enclosed 2 Certificates from

133/4
from the D. P. Works. It is stated that Cores 4,432-84 were not irrigated in fushies 1277 and 1278 owing to the ryots not having taken channels water on the ground that these lands had become "Chaku" and unfit for wet cultivation since the Cyclone of 1864.

7. These Certificates were not countermanded or acted on by the Collector on the ground, I believe, that the neglect to take water was owing to neglect on the part of the ryots.

8. The Zemindar has presented to me a Petition requesting remission of water-rate on Ac. 1966-35 not irrigated in fushies 1277 & 1278.

9. I have examined the detailed accounts received from the Tahsildar of Bander Sahib for fushies 1277 & 1278 regarding the water-rate of this Estate; and they to report the result thereof.

10. Fushy 1277. The Zemindar claims remission of water-rate on Ac. 808-78. It appears from the accounts that

out of the said land Acres 349.76
 were cultivated with dry crops
 for which no water was taken,
 and Ac: 459.7 were altogether left
 waste. The water rate charged ^{at Rs 4 per acre}
 on Ac: 808.78 and included in
 the Accounts is Rs 3,235-2. As the
 Zemindar did not use Government
 water for this land, which is
 included in the Certificate of
 the D.P.W., I am of opinion
 that the Zemindar is entitled to
 refund of this sum.

11. Tasli 1278. Zemindar claims
 remission of water rate on Ac: 1157.57.
 The Accounts show that the whole
 of this land was cultivated with
 dry crops, and watered as detailed
 below:-

A. Dry Crops Cultivated	Ac:	C.
and watered	470	83
B. Dry Crops not watered	678	74
	<u>1157</u>	<u>57</u>

12. This land was charged with
 full water rate at 4 rupees an acre Rs 4,630-4-8.

13. I am of opinion that Item A
 should be charged with 2 Rs
 an

an acre, amounting to Rs 957-10-8,
 and the excess Rs 2 per acre amounting
 to Rs 957-10-8 should be refunded
 to the Zemindar.

14. Item B, Ac: 678.74. This should
 not be charged, as no water was supplied.
 The full water rate already included
 in the Accounts is Rs 2715.

15. Should the Board Concur with
 me I request they will be good enough
 to sanction refund of Rs 6,217-0-2
 to the Zemindar of Davarakottas
 herunder specified
