Proceedings of the Madras Government, Revenue Department,
23rd October 1872.

No. 205. Read the following Proceedings of the Board of Revenue, dated 19th October 1872, Miscellaneous No. 7,024 :—

Read the following letter from the Officiating Deputy-Accountant-General, Madras, to the Secretary to the Board of Revenue, dated Fort St. George, 9th October 1872, No. 5,080.

I HAVE the honour, with reference to Board's Proceedings No. 1,912, dated 26th September last, to request that you will obtain the confirmation of Government to the retention of the gardeners therein sanctioned for one year more.

THE Board's Proceedings No. 1,912, dated 26th September 1872, will be submitted for confirmation by Government.

No. 206. ORDER THEREON, 23rd October 1872, No. 1,470.

Miscellaneous.

CONFIRMED.

2. The Governor in Council considers that these topes might fairly be maintained from the Village Jungle Conservancy Fund, and desires that the attention of all Collectors of coast districts be directed to the extension of Casuarina plantations along the coast by means of these funds.

(True Extract.)

(Signed) W. HUDLESTON,
Secretary to Government.

To the Board of Revenue.
,, the Accountant-General.

No. 1,912.

PROCEEDINGS OF THE BOARD OF REVENUE dated 26th September, 1872.

Read the following letter from J. J. THOMPSON, Esq., Acting Deputy-Collector in charge of Salt Department, to the Acting Collector of Ganjam, dated Chicacole, 12th June 1872, No. 196:—

I BEG to forward, herewith, a statement showing the number of trees in the Salt topes at the several pans in the district.

2. Of the 14,189 trees which were in existence at the close of 1870-71, 683 trees died during the year, as shown in the margin; but 2,086 of them having been replaced, there are now 15,592 trees in the topes at the four pans.

	RS.
Ganjam...	94
Itchapore	369
Nowpadah...	40
Womeravelly...	180
Total...	683

3. The trees at Ganjam are not thriving well, owing I believe to the unfavourableness of the soil. There are only six Cashewnut, ten Casuarina, and 326 other kind trees. Some of these are from four to eight feet high, and the others are smaller.

4. At Itchapore there are at present 4,242 trees, and the most of them which are on tank banks are high enough to afford shelter to the manufacturers and traders. The hot winds have been the cause of the destruction of a greater number of tender plants at this place than at any of the other Salt stations.

5. At Nowpadah there are thirty-five Pinus Maritima plants, which are the only survivors of the experiment at these pans; they are gradually decreasing in number, and I have no hope of their flourishing, so as to be of use. The Cashew-nut trees have yielded no fruit in last year. The trees at this place also are of various sizes, some of them being only one and two feet high above the ground.

6. At Womeravelly there are 1,664 trees of all kinds, and they are growing well. The height of the trees at this place also varies, as shown in the accompanying statement.

7. It is not surprising that so many plants have perished during the year, as we have had no rain for several months, while the heat of the sun was great, at the same time; I beg that sanction may be obtained for the employment of nine gardeners as usual at Rupees 3 each, per mensem, for the coming year.

No. 1,586.

SUBMITTED to the Board of Revenue with reference to their Proceedings, dated 6th July 1871, No. 2,257.

2. There are three topes at Nowpadah, each situated at a distance from the other, and each requiring two gardeners. One gardener is required at each of the other three pans, thus making the total number of gardeners nine. Their employment may with propriety be sanctioned for another year (*i.e.* 1872-73, corresponding with Fusly 1282) when the necessity or otherwise for their retention will again be reported upon.

CHICACOLE,
21st August 1872.

(Signed) C. G. MASTER,
Acting Collector.

ENCLOSURE No. 1.—Statement.

THE retention of the gardeners for one year more is sanctioned.

(A true Copy and Extract.)

(Signed) H. E. STOKES,
Acting Sub-Secretary.

To the Acting Collector of Ganjam.
Copy to the Acountant-General.
