Proceedings of the Madras Government, Revenue Department,
25th October 1872.

No. 219. From the Secretary to the Government of India, Financial Department, to all Local Governments, dated Simla, 16th October 1872, Circular No. 3,536.

THE finance and revenue accounts of the Government of India for 1871-72 must be sent home immediately in the form in which the Secretary of State submits them to Parliament.

2. In order to complete some of the prescribed statements connected with these accounts, it is necessary to give the estimated population of each province.

3. The results of the recent Census are not as yet, it is feared, accurately known; but each Government can probably make a very near estimate of what the total population in its territories, as ascertained by the Census, will prove to be.

4. I am directed, therefore, to request that, with the permission of His Excellency the Governor in Council, a return may be made to this department to reach me in Calcutta, without fail, by the 20th November next, showing, in round tens of thousands, the nearest estimate that can then be made of the population of Madras as ascertained by the Census.

(True Copy.)

(ed) W. HUDLESTON,
Secretary to Government.
