Proceedings of the Madras Government, Revenue Department,
24th January 1872.

Read the following papers :—

No. 288. From the Conservator of Forests, to the Secretary to Government, Revenue Department, Fort St. George, dated Madras, 12th January 1872, No. 822.

In forwarding the documents as per margin, received from Mr. George Cadell, 3rd-class Deputy-Conservator of Forests, I have the honour to request that his resignation may be gazetted. It will also be seen that Mr. Cadell applies for a gratuity.

Copy of letter No. 1, dated 5th December 1870, from the late Deputy-Inspector-General, Indian Medical Department.
Letter, dated 8th January 1872, from Mr. George Cadell, to the Conservator of Forests.

2. This causes a permanent vacancy in the department, which can be filled up by Lieutenant Williams, now Acting 2nd-class Deputy-Conservator, being nominated to a permanent appointment in any class or grade which Government may think fit to appoint him, his long service in other Government employ being taken into consideration.

3. Mr. Brougham is the Senior Acting Assistant, and should, I think, be confirmed if Lieutenant Williams is not now brought on the permanent establishment.

4. Mr. Peet is, for the present, I believe, to be considered a supernumerary, but it should, I think, be decided whether his rank will date from the day he commenced his training in England, or from the date of his arrival in Madras.

5. It will be also necessary to nominate another man as an Acting Assistant Conservator. Mr. Edward Boileau has had a promise of the next vacancy of this nature, and he is already in training* in the Cuddapah range. I would suggest, therefore, that he be gazetted to act as 3rd-class Assistant Conservator.

* Without pay.

Referred to the Accountant-General for report on Mr. Cadell's application for a gratuity.

(Signed) W. HUDLESTON,
Secretary to Government.

The undersigned is directed to state that Mr. Cadell will be entitled to a gratuity only on production of a Medical Certificate of incapacity for further effective service, accompanied by an application in proper form.

Forests, No. 13.

The Government accept Mr. Cadell's resignation of his appointment in the Forest Department from the date on which his leave expires.

Proceedings of the Madras Government, Revenue Department,
24th January 1872.

2. Major Beddome will furnish him with copy of the report from the Accountant-General's Department on his application for a gratuity.

3. Steps will be taken to supply the vacancy in the Forest Department.

4. The Conservator will observe that Mr. Peet's appointment has been gazetted as taking effect from 18th October 1871.

My dear Mr. Cadell —

In reference to your letter of Saturday last; I much hesitate in stating that from a perfect acquaintance with your case, which came under my official notice at the beginning of this year in India, the illness that necessitated your return to this country in 1868 has ~~ceased~~ been caused by malarious influence while you were employed in the discharge of your duties in the Forest Department. And I am of opinion that the Forest Service is for the reasons stated too trying by your constitution, but I gladly believe you would be able to work in any other department of the Public Service in India.

I am, My dear Mr. Cadell,
Yours sincerely

I certify that I have carefully examined Mr. George Caudell & have been informed regarding the particulars of his late Service illness in India —

Mr Caudell has acquainted me briefly as to my opinion from any organic disease of the other System. I certainly that I strongly recommend his retirement to India, chiefly on account of the necessary exposure he would undergo in the discharge of the Military duties of this profession there

The Conservator of Forests
Madras —

Sir,

I have the honour to request that you will be good enough to obtain for me, permission from the H. M. Government to resign my employ in the Forest Department, on the expiry of my leave on the 5th February next —

(2) I am obliged to ask this permission on account of the state of my health which has suffered severely from the exposure consequent on the discharge of my duties during the last five years — Two years absence in Europe has not been sufficient to recruit it, nor can I ever hope that India can be for me really home as England —

Copies the Despatch can be forwarded if necessary

England—

3. I forward Certificates which I beg that you will please to bring under the circumstances I trust that they will be objects to my being awarded the usual gratuity for my good services from the Service.

4— I have work in India of the light-duty, especially on the Western Coast where I was for two years— Medical Visiting Standing engaged by me particular case, it is hard that a few years service should incapacitate a man for Military for public duty, but for ~~medical~~ private Amusements for the most ordinary Recreations even, are either wholly denied him, or indulged in with risk—

5. If the last, as to despatches of H.M. Secretary of State for India, they would have shown you, I have endeavoured to shew that I might be able to render duty, & in that hope I have worked at home (i.e. visited Depôts Forts & dockyards in England & Scotland) with attention, & I trust with profit— But I question Government, as well as myself, if I have the right to attempt further service, or to claim it by way of others by asking for further leave.

6— My letter for me, that you will be kind enough to bring to Government as early as possible, even a residence in this country is not safe, or advisable for me.

I have, Sir,
Your most Obed. Servt.
