Proceedings of the Madras Government, Revenue Department,
14th November 1872.

No. 63. Read the following letter from the Inspector of Forests, to the Chief Secretary to Government, Revenue Department, Fort St. George, dated Ootacamund, 2nd November 1872, No. 1,539 :—

THE forest-range known as Bolampatty, Sholay Kurray, and Chenat Nair, comprising a belt of forests and extensive hills in the Coimbatore and Malabar Districts, has for a long time been under the charge of the Forest Officer of the Anamallay range. Of late the operations connected with Railway Fuel Plantations and Reserves within this area have yearly been on the increase, and it has become evident that it was impossible for the Anamallay Officer to devote sufficient time to these tracts which are at a considerable distance from the Anamallays, and now the recently sanctioned extensions in the vicinity of Walyar render it imperative, I think that another officer should be appointed to this range. We have two Probationers without ranges, so I propose (at least as a temporary arrangement) that Mr. Morgan should take charge of this range, and that Mr. Hadfield, who is now acting in charge of the Trichinopoly plantations, should remain where he is. Mr. Morgan has been (as a temporary arrangement) attached to the Nellumbur forests, but his time there has expired, and he is about to relieve Mr. Hadfield at Trichinopoly. Mr. Stanborough, the junior Probationer, has just proceeded to Nellumbur.

No. 64. ORDER THEREON, 14th November 1872, No. 1,554.

Forest, No. 3.

THE Inspector does not appear to have consulted the Collectors of Malabar and Coimbatore. He will now do so, and submit their opinions ; and in future will always follow this course.

2. The Government question the advisability of placing portions of the districts under one officer.
