Proceedings of the Madras Government, Public Works Department, 19th September 1871.

No. 296. Read the following endorsement of the Secretary to Government, Revenue Department, dated 5th September 1871 :—

Proceedings of the Board of Revenue, dated 29th August 1871, No. 3,718.

From the Sub-Collector, to the Acting Collector of the Kistna District, dated Guntoor, 8th July 1871, No. 194.

DURING last Fusly the tank and supply channel of Murukondapad in the talook of Bapatla breached from floods, and the villagers thereof, joined by those of Jammalapalem and Mulapallem, who were also interested in the tank and channel, repaired the damage, as an emergency, at a cost of Rupees 211-1-0. On applying to the Department of Public Works for reimbursement of their expenditure, they were informed that their request could not be acceded to, as the work had not been estimated for, nor executed by the department. As emergencies do not admit of estimates, and the delay in obtaining the execution of the work on a regular estimate would have entailed heavy loss to the ryots and to Government, I have the honour to request that you will be pleased to obtain the sanction of Government to the refund to the ryots of such amount as examination by the Department of Public Works of the work claimed for may show them to be entitled to.

2. The Arzi No. 1,421, dated 30th July 1871, of the Tahsildar, and its enclosures, bringing the matter to notice, are forwarded for your information.

No. 2,340.

SUBMITTED to the Board of Revenue for sanction.

MASULIPATAM,
2nd August 1871.

(Signed) J. A. C. BOSWELL,
Acting Collector.

SUBMITTED to Government with the request that the Superintending Engineer may be instructed to examine the work and pay the fair value of it to the villagers.

TRANSFERRED to the Public Works Department.

(Signed) W. HUDLESTON,
Secretary to Government, R.D.

No. 297. ORDER THEREON, 19th September 1871, No. 2,379.

IRRIGATION, No. 16.

REFERRED to the Superintending Engineer of the 2nd Division for report. The claims of the ryots to payment should be adjusted if equitable.

Nos. 296 297

Murukondapad Tank and Supply Channel. Superintending Engineer, 2nd Division, instructed to adjust, if equitable, the claims of the ryots who repaired the damages.

Proceedings of the Madras Government, Public Works Department, 24th January 1872.

No. 425. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Masulipatam, 30th December 1871, No. 129 :—

In reply to G. O., No. 2,379, 19th September 1871, I have the honour to report that the works executed for the Murukondapad tank and for the Karlapoliem supply channel were merely ring bunds which the ryots are, under Clause VIII, paragraph 25, Chapter XI, Public Works Code, bound to construct as customary labour.

2. The two works are valued at Rupees 40-8-0 and Rupees 69-6-0 respectively.

3. No application was made to the Range Officer for payment I conclude, because the ryots were well aware that they were not entitled to it, nor did either the Sub-Collector or Collector address any member of the department; the first I heard of the subject was from seeing the order in question; the breaches occurred in September and October 1870.

No. 426. ORDER THEREON, 24th January 1872, No. 217.

IRRIGATION, No. 38.

COMMUNICATED, through the Revenue Department, to the Board of Revenue with reference to their Proceedings, dated 29th August 1871, No. 3,718. The Government do not, as at present advised, consider the ryots' claim to re-imbursement valid.
