Proceedings of the Madras Government, Revenue Department,
28th November 1872.

No. 211. Read the following Endorsement of the Secretary to Government, Public Works Department, dated Fort St. George, 20th November 1872:—

Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, Madras, dated Coimbatore, 15th November 1872, No. 191.

In Revenue Department G. O. No. 601, dated 31st March 1871, communicated with Public Works G. O. No. 29 of 5th April 1871, the Revenue Board were requested to place themselves in communication with the Government Architect in view to obtaining the requisite plan and estimate for an entirely new Cutcherry for the Collector of Coimbatore, but nothing further has been heard on the subject. I believe there is but little hope of funds being forthcoming for an entirely new building; meanwhile, as the Collector and his establishment are much inconvenienced for want of good office-accommodation, I have, in communication with the Collector, prepared the under-mentioned plans and estimates for alterations and additions to the existing buildings, and beg to submit them for the sanction of Government, with my strong recommendation that the necessary funds may be allotted in the budget of 1873-74, so that the works may be put in hand and completed in that year. The whole of the additions and alterations provided for have met with the Collector's approval, and, if sanctioned, a new building for which funds to the extent of Rs. 30,000 on account, were entered in my Provincial Budget of the Coimbatore District for 1873-74, will not be required:—

	Rs.
1 Estimate for constructing a Collector's Office and Examination Hall at Coimbatore, with 1 plan and specification, amounting to Rs....	7,400
1 Estimate for improving the Collector's Cutcherry at do., with 1 plan and specification	1,950
1 Estimate for completing the unfinished record-room at the Huzur Cutcherry, with a plan and specification	4,850
1 Estimate for improving the Assistant Collector's Cutcherry at Coimbatore, with a plan and specification	170
1 Estimate for repairing and improving the Huzur treasury at do., with specification	640
Total...	15,010

—

Transferred to the Revenue Department with reference to the Order in that department, dated 31st March 1871, No. 601, and with remark that if the plans be approved of, one-third of the work might be carried out in the current year.
