No. 1884.

From

Collector of Nellore.

To J. Gross Esqre
Secretary to the Board of Revenue
Madras.

Sir,

With reference to the Correspondence marginally noted, I have the honor to submit the following explanation regarding the lands taken up in the Udayagiri Taluq for public purposes &c.

2. As regards Case No 2, the Head Assistant Collector reports that the Inamdar prefers to keep the land and pretains it. There is therefore no necessity for a fresh grant in this case, which may be struck off the list

list altogether.

3. With reference to the remarks of Government as to how the grant of a smaller extent of land can be deemed a sufficient compensation for the loss of a larger Extent, I beg to enclose copy of Head Assistant Collector's letter of the 31st Instant. The Board will observe that the first to cause the Extent of land selected for the grant is nearly 6 times the area as per the new survey, probably because they wish to avoid the charge for the survey excess. In the fifth case, in which the Surveyor selected a smaller extent than the original grant, it appears that the Surveyor is satisfied with his own selection.

4. In all cases, the Surveyors make the selection, and generally with reference to the nature of lands available; and if they are satisfied, we may safely

safely be so also. 174/2 X
