FROM

J. GEOGHEGAN, Esq.,

Under Secy. to the Government of India,

TO

THE RESIDENT AT HAIDARABAD.

Dept. of Agriculture,
Revenue and Commerce.

Agriculture & Horticulture.

FORT WILLIAM, the 12 April 1872.

SIR,

WITH reference to your Officiating 2nd Assistant's letter No. 46, dated the 14th October last, I am directed to intimate that one barrel of Carolina rice-seed has been forwarded to the Master Attendant at Calcutta for transmission to you through the Government of Madras for the purpose of carrying on further experimental cultivation in the Haidarabad Assigned Districts.

2. I am at the same time to state that the Governor General in Council will be glad to receive, at the earliest possible date, an accurate and detailed report of the results of the present year's sowings, accompanied by a note shewing what further supplies of the seed, if any, will be required for the next year. I am to add that, in the event of the cultivation proving a success in the Haidarabad Assigned Districts, His Excellency in Council hopes that as large a portion of the produce as possible will be saved for seed, so as, firstly, to determine whether the quality deteriorates, and secondly, should this not be the case, to render the Government of India independent of further supplies from America.

I have the honor to be,

SIR,

Your most obedient Servant,

J. Geoghegan

Under Secy. to the Government of India.
