Proceedings of the Board of Revenue dated
23^d December 1871

Read the following.

To The Secretary to the Board of Revenue
Madras.

Sir,

I have the honor to forward herewith
a copy of my telegram of this date to-
gether with a statement of the Average
Bazar rates of grain for the week
ending the 9th instant.

2 Since my report dated 7th instant,
I have ridden through the taluqs of
Gajapaturam, Salur and part of
Pachipentaik, and seen with my own eyes
the state of the crops, and I find no
reason to modify the opinion already
given by me, viz, that there is no pro-
mise for anxiety.

3 In the Taluq of Gajapaturam and
the Zemindary of Salur the state of the crops
is unfavorable, the outturn of the crops
being only $\frac{1}{3}$ rd and $\frac{1}{4}$ th respectively of
the

the average. In the Zumdary of Bobbili
where irrigation works have always been kept
in repair, the state of the crops is more
favorable, the outturn being $\frac{3}{4}$ of an
average crop. There has been no rain
in the week and the average Bazar
prices are almost the same as in last
week. The market is well supplied.
Coarse rice from Jaypee is being brought
into Salur for sale. Grain valued at
Rs 22387 has been imported at the Vizagapatnam
and Bimlapatnam ports.
