REMARKS.—1. *Articles of food.*—Procurable in all places.

2. *Prices.*—Prices of paddy and rice have somewhat fallen in several places in consequence of the new paddy having been brought into market and of the importation of paddy both by Chilka Lake and by carts from the neighbouring districts of Pooree and Cuttack.

3. *Water-supply.*—Scarce in several places of the Mohery and Purushotpore Divisions of the Berhampore Talook. In Purlakimidi large tanks contain a moderate quantity of water. In all other places water is procurable for drinking purposes.

4. *People.*—In Purushotpore Division persons living on manual labour are obtaining occupation in the field where paddy is being reaped. The Berhampore Tahsildar recommends execution of public works with a view of relieving the able-bodied poor.

5. *Health.*—Good.

6. *Cattle-diseases.*—None, except in Purushotpore, where it is reported to prevail to a very small extent.

7. *Rain.*—None.

8. *Fodder.*—In Ganjam both paddy, straw, and pasturage are procurable with difficulty. In Purushotpore, Itchapore, and Aska, no pasturage is to be had; but paddy straw is procurable in moderate quantities. In other places both are procurable.

9. *Crops.*—In Purlakimidi the reaping of superior paddy is nearly completed. Ryots are storing up the produce.
