Proceedings of the Madras Government, Revenue Department, 9th January 1872.

No. 86. Read the following Proceedings of the Board of Revenue, dated 14th December 1871, Miscellaneous No. 4,543:—

Read the following letter from the Acting Collector of Bellary, to the Secretary to the Board of Revenue, dated Bellary, 3rd November 1871, No. 420.

With reference to the Proceedings of the Board, No. 4,356, dated 11th ultimo, asking why the condition of the Adoni records was not brought prominently to notice in the general report previously submitted, I have the honour to state that it is the *record room* which Mr. Foster reports to be in a disgraceful state. The records themselves are kept in as good order as possible considering the accommodation. It is more than likely that the whole building, and not merely the record room, may some day collapse suddenly. It is not worth repairing. It was pronounced not to be worth repair in October 1865, *i.e.*, *six* years ago, by the then Collector, as will be observed by the Proceedings of the Government, Public Works Department, No. 3,475, dated 18th November 1865, communicated in the Board's docket, No. 7,504, dated 22nd idem.

2. Since that time the matter has continually been brought forward.

Board's Proceedings, No. 6,146, dated 15th October 1870.
Do., No. 15, dated 4th January 1871.
Do., Miscellaneous No. 1,348, dated 24th April 1871.

3. The later references to the subject are contained in the Board's Proceedings as per margin.

4. There is no other building in the town fit for a Catcherry. I will ask the Sub-Collector whether he can propose any arrangement with regard to the records.

Submitted for the information of Government together with a copy of Board's Proceedings, No. 4,356, dated 11th October 1871.
