*Proceedings of the Madras Government, Revenue Department,
6th April 1872.*

No. 47. Read the following endorsement from the Under-Secretary to the Government of India, Department of Agriculture, Revenue, and Commerce, (Surveys) dated Fort William, 23rd March 1872, No. 187 :—

Read the following Extract from a letter from the Surveyor-General of India, to the Secretary to the Government of India, Department of Agriculture, Revenue and Commerce, No. 494, dated 5th March 1872, paragraph 2.

2. As special Plans and Maps of the nature of the sheets under acknowledgment, are valuable as specimens for issue to Survey officers, and it is most desirable, that as far as possible, some sort of uniformity should be preserved in preparing and publishing the results of Indian surveys, I beg that the Government of India may be pleased to direct that this Office may, in future, be furnished with ten or more copies of all *published* plans and maps of any utility, so that a few copies may always be available for departmental circulation. The mere cost of printing a few extra copies of any plan or map is very trifling.

EXTRACT, paragraph 2, forwarded to the Government of Madras, with the request that, if possible, the Surveyor-General's wish may be complied with.
