Proceedings of the Madras Government, Revenue Department,
13th April 1872.

No. 121. Read the following Proceedings of the Board of Revenue, dated 23rd March 1872, No. 487:—

Read the following letter from H. E. SULLIVAN, Esq., Acting Collector of the Godavery District, to the Secretary to the Board of Revenue, dated Rajahmundry, 16th February 1872, No. 35:—

I HAVE the honour to enclose, copy of a letter from the Sub-Collector, submitting a proposal for the removal of the Tahsildar's Cutcherry from Yernagudiem, in the taluq of that name in the sub-division, to Thalapoody, and the transfer of the Deputy Tahsildar's office from Polavaram to Pedda Polavaram.

2. In a recent letter, I recommended the superannuation order being held in abeyance in the case of the Yernagudiem Sheristadar, on the ground of the difficulty that exists in getting competent persons to take service in the taluq, on account of the unhealthiness of the Cusbah station. That this reputation is only too well merited, is shown by the fact of no less than twenty-six public servants having succumbed to the influences of the climate during the last five or six years.

3. The arguments in favour of the proposed transfers are so clearly put forward by the Sub-Collector, that nothing is left for me to add, except that the present Cutcherry at Yernagudiem is one of the old pattern, having very defective accommodation, especially as regards the subsidiary jail.

ENCLOSURE No. 1.—Copy of Sub-Collector's letter.

SUBMITTED for the orders of Government.

2. The Collector proposes that in the taluq of Yernagudiem the Tahsildar should be posted at Thalapoody instead of Yernagudiem and the Sub-Magistrate at Pedda Polavaram instead of Polavaram.

3. Yernagudiem is stated to be extremely unhealthy, and communication with Thalapoody which is a thriving and growing village, is easier. A Cutcherry is in existence at Yernagudiem, which will have to be abandoned and sold but it is an old and defective building. A house suitable for the Tahsildar's office can be rented at Thalapoody.

4. If the proposed change in the Tahsildar's quarters is allowed the Sub-Magistrate's station must also be changed. Pedda Polavaram seems to have been well selected. There is no public building at Polavaram.

No. 122. ORDER THEREON, 13th April 1872, No. 597.

Miscellaneous.

THE proposed change of stations is sanctioned.

The Collector will call on the Engineer Department for a plan and estimate for offices for the Tahsildar at Thallapudi and for the Sub-Magistrate at Pedda Polaveram, and meanwhile sanction is granted for renting the necessary accommodation.

Proceedings of the Madras Government, Revenue Department,
13th April 1872.

The Cutcherry building at Yernagudiem will be sold, and the proceeds credited to "Provincial."

2. The Collector should have sent up a sketch map illustrating his proposals.

Head-quarter Station—of Tahsildar of Yernagudiem Taluq, in Godavery District.—Recommendation of Collector for transfer of—from Yernagudiem to Thalapoody and that of Deputy Tahsildar from Polavaram to Pedda Polavaram, submitted for orders of Government.

4. As regards the change of the Sub Magistrate from Polavaram to Pedda Pollavaram I may say that some change is rendered necessary by the change of the Tahsildar's head quarters. Tallapudi being only 8 miles from Polavaram. The place I have chosen though not the largest or most central for the western part of this large Taluq is the most healthy and is considerably nearer these villages than either of the present head quarters. Lakkavaram is the principal place in this part of the Taluq about 8 miles north west of Pedda Pollavaram, but the water is bad, and it is said to be feverish. On the whole therefore I think Pedda-Pollavaram is the best station for the sub magistrate.

5. A suitable house may be hired in Tallapudi for the immediate use of the Tahsildar and the present Cutcherry at Yernagudem will have to be sold. There is no Cutcherry at Polavaram and the Sub-Magistrate's transfer to Pedda Pollavaram where a house can be hired for his Office is therefore easy.-
