*Proceedings of the Madras Government, Revenue Department,
18th January 1872.*

No. 185. Read the following Proceedings of the Board of Revenue, dated 8th April 1872, No. 545 :—

Read the following letter from W. S. WHITESIDE, Esq., Acting Collector of Trichinopoly, to the Secretary to the Board of Revenue, dated 15th March 1872, No. 64.—

In continuation of my letter, embodied in the Proceedings of the Board, No. 3,351, dated the 9th August 1871, I have the honour to forward, specimen of Manilla Tobacco, grown in the Perambalur Taluq, in this district. The experiment was made in three localities in that taluq, but the result has not been very successful. In two places, the seedlings transplanted were destroyed by insects, and in the third, the success was only partial.

2. The local opinion is that the tobacco, of which the specimen now sent forms a portion, is not fit for smoking, nor can it be used for snuff.

3. I have distributed the seed recently supplied to this office among the Divisional Officers, and I have instructed them to have the same carefully tried, under their immediate supervision, in localities best suited to the growth of tobacco, and report the result fully, in view to the same being communicated to the Board.

SUBMITTED for the information of Government.

2. The specimens received with this letter will be forwarded to Mr. Broughton for analysis.

No. 186.

ORDER THEREON, 18th April 1872, No. 630.

Miscellaneous.

THE Government await the report of the analysis.

(True Extract)

(Signed)

W. HUDLESTON,
Officiating Chief Secretary.

To the Board of Revenue.

By the Government Quinologist.

Erd. F. R. Bantleman.
