No. of O.	Date.	Para.	Subject.	Cause of delay and how disposed of.
681	17 th April 1871-	10.	The Const ^y may submit through the Board of Revenue any proposals which may seem calculated to secure a share certain & otherwise improved market to the jungle tribes for the products they may gather & offering to them advantages superior to what they now obtain by their traffic with the low country dealers.	Under the consideration of Collectors & range officers, the question will be more easily settled after the reorganization - Different districts require different treatment. -
141.	23 rd January 1872		The continuance of the experimental Establishment for working the lower Saluy forests under the new system, sanctioned for a further period of six months.	Vide G.O. 18983 of 28 th June 1872. - Extended to 1 year.
171	29 th January 1872		The Government wish to know from the Conservator of forests whether they already possess large tracts of suitable ground, available for Teak plantations elsewhere.	The Collectors of Malabar & South Canara have been referenced; it is an important question.
