Proceedings of the Madras Government, Revenue Department,
26th April 1872.

No. 280. Read the following endorsement of the Secretary to Government,
Public Works Department, dated 15th April 1872 :—

Read the following letter from the Superintending Engineer, 8th Division, to the
Secretary to Government, Public Works Department, dated Madura, 9th
April 1872, No. 90.

In reference to G. O. dated 10th July 1871, No. 71, and in continuation of
my letter No. 4,757, dated 7th March 1872, I have the honour to report that the
Collector of Tinnevely states, that as the Revenue Survey of that district will be
completed long before the railway is finished, he will by that period be in
possession of maps, on the scale of sixteen inches to the mile, for every ryotwari
village of the district. Mr. Puckle adds, that should he find, when making over
the land to the railway, that the surroundings of the stations in Zemin villages
cannot be mapped on the same scale by the Survey Department, he will avail
himself of my assistance.

2. I take the liberty to point out, however, that if, as directed in the G. O.
already quoted, "a uniform scale of eighteen inches to the mile" is to be adopted,
the alteration of the plans to this scale will throw a considerable amount of labour
on this Office.

3. As regards the Madura District, as that district has not as yet been
brought under survey operations, plans of the kind referred to are not obtainable
from the Superintendent of the Revenue Survey, and the duty of preparing these
will therefore devolve on me.

4. Mr. McQuhae, the Acting Collector, promises to furnish me with a list
of the stations in the Madura District as soon as the necessary information is
received by him.

TRANSFERRED to the Revenue Department in continuation of G. O. No. 244,
dated 26th March 1872.

(Signed) J. CARPENDALE, Colonel, R.E.,
Secretary to Government, P.W.D.

No. 281. ORDER THEREON, 26th April 1872, No. 678.

Miscellaneous.

THE Government observe that they
have, by their Proceedings dated 21st
September 1871, No. 1,645, authorized
the substitution of the scale of sixteen inches to the mile for eighteen inches where
any saving of time or labour will be effected thereby.

(True Extract.)

PROCEEDINGS of the MADRAS GOVERNMENT.

Under date the 26th April 1872.

Read the following letter from the
Superintending Engineer
8th Division.

H.E. 9th April 1872 No 90.

Reporting upon the
preparation of plans of
villages around the rail-
way stations

The Government observe
that they have, by their
Proceedings, dated 21st September
1871 No 1645, authorized the
substitution of the scale of
16 inches to the mile for
18 inches where any saving
of time or labor will be
effected thereby.
