*Proceedings of the Madras Government, Judicial Department,
9th September 1872.*

No. 34. Read the following Proceedings of the Board of Revenue, dated 1st August 1872, No. 1473:—

Read the following letter from C. T. LONGLEY, Esq., Collector of Salem, to the Secretary to the Board of Revenue, dated Salem, 18th July 1872, No. 182:—

With reference to your official memorandum, dated 22nd May 1872, No. 683, I have the honour to forward estimate and plans on account of the improvements to be made to the Salem Huzoor Cutcherry, and request the early sanction of Government may be obtained to commence the work at once.

Enclosures No. 1 to 4.—Plans.

Enclosure No. 5.—Specification Report.

Enclosures Nos. 6 and 7.—Estimates.

The Collector of Salem submits plans and estimates for the improvements to be made in the Huzoor Cutcherry at Salem. The additions are all much needed and the cost does not appear excessive.

2. Two upper rooms are provided for the Collector and his Assistant; this sets free the Collector's room on the ground-floor, which has been adapted as a general Court-room.

3. A veranda round the entire building is provided; this is absolutely necessary to protect the inmates from the heat and glare; hitherto a pandal has served the purpose, but that has been removed.

4. The old Record-room (detached) is to be repaired and improved, and another Record-room has been provided in the main building. It is presumed one is for English and one for Vernacular records.

5. It is not clear from the plan how the Record-room in the main building is separated from the Clerks' room. It ought to be perfectly shut off, and access should only be obtainable through a single door-way.

6. A new Press-room has been provided, annexed to the Treasury, and the old Press-room converted into stables.

7. The arrangements appear to be good, and the Board resolve to request Government to issue instructions for the work to be put in hand as soon as possible.

Secretary.

No. 35. Order in Council, 9th September 1872, No. 1219.

The Governor in Council sanctions the plans and estimates for the improvements proposed to be made to the Huzoor Cutcherry and Record-room at Salem, and for the erection of a new room for the Collector's Press.

*Proceedings of the Madras Government, Judicial Department,
9th September 1872.*

2. The estimate amounts to Rupees 15,850. As the whole amount is not likely to be expended during the current financial year, an allotment of Rupees 10,000 will be made for the purpose from the balance under Provincial Funds.

3. Instructions will be issued in the Public Works Department for the collection of materials and the speedy execution of the work.

4. The Accountant-General will transfer the allotment made to the Public Works Department.
