*Proceedings of the Madras Government, Revenue Department,
4th May 1872.*

No. 34. Read the following Proceedings of the Board of Revenue, dated 16th March 1872, No. 463 :—

Read the following letter from A. McC.WEBSTER, Esq., Acting Collector of South Canara, to the Secretary to the Board of Revenue, dated Mangalore, 28th February 1872, No. 248 :—

WITH reference to the Proceedings of the Board of Revenue, dated the 16th December last, Miscellaneous No. 4,562, I have the honour to state, that on scrutinizing the Statements prepared by the Bombay Government, showing the quantity and cost of supplies sent to the Amindivi Islands at the request of the Madras Government in June last, and with reference to an Arzee received from the Monegar of the Islands reporting the actual quantity of provisions landed from the Steamer *Ethiopia* and distributed under his supervision, it appears that the inhabitants of the four Islands attached to this District, will have to repay a sum of Rs. 11,664-3-6 on account of the cost of rice, salt and other provisions supplied to them, as per accompanying detailed Statement which, I have compiled partly from the bills of the Bombay Government and partly from a Statement supplied to me direct by the Commissariat Department at Bombay.

2. I will take measures for the recovery of the above sum in three yearly instalments, as proposed by me, in my letter of 5th June last, No. 744, and will collect the first instalment as soon as a detailed Statement is received from the Monegar, showing the quantity of provisions given to each inhabitant.

3. The Statements furnished by the Bombay Government show that in addition to the value of provisions, a further expenditure of Rupees 19,572-4-3 has been incurred on account of the hire of the steamer engaged to proceed to the Islands. The proportionate sum chargeable to our Islanders, calculated with reference to the actual quantity landed as compared with that exported, amounts to Rupees 3,576-15-6.

4. In 1863 when the Islanders were similarly aided by Government, no charge appears to have been made on account of the freight of the steamer despatched to the Islands, and in consideration of the general poverty of the inhabitants, I trust that on this occasion also, the Government will see fit to grant them a similar indulgence.

ENCLOSURE No. 1.—Statement.

SUBMITTED for the orders of Government.

2. The Board consider that the course followed in 1857 when the Islanders were assisted by Government is suitable to their present circumstances, and that on the understanding that the value of provisions supplied to them is recovered in yearly instalments extending over three years, no charge should be made for freight.
