

*Proceedings of the Madras Government, Revenue Department,
9th May 1872.*

No. 81. Read the following Proceedings of the Board of Revenue, dated 3rd May 1872, Miscellaneous No. 3,254 :—

Read the following letter from the Acting Collector of Ganjam, to the Secretary to the Board of Revenue, dated Chatterpore, 23rd April 1872, No. 593.
REFERRING to paragraph 5 of Mr. Thornhill's letter dated 29th January last, recorded in Government Order, 7th February 1872, No. 255, Revenue Department, I have the honour to report that the sum of Rs. 3,000, sanctioned for the channel round three sides of the Soorla salt-pans, has been expended.

2. Mr. Thompson, the Acting Deputy-Collector in charge of the Salt Department, now recommends that a further sum of Rs. 2,000 should be sanctioned for the extension of the channel in the direction previously intended. I forward a copy of his letter dated 2nd instant, No. 119, with copy of the sketch, which will enable the Board to see what has been done and what is wanted.

3. This work has been of the greatest assistance in affording means of subsistence to the populous villages adjacent. As there is still an interval before agricultural operations can commence, it is extremely desirable that this help should be continued, while the value of the trench itself will be increased the more completely it surrounds the pans.

4. I beg, therefore, to support Mr. Thompson's recommendation, and to request that the sanction of Government, if accorded, may be transmitted by telegraph.

5. Mr. Thompson has, during the progress of the work, effected a considerable reduction in the rates originally proposed, and has thereby effected a saving of Rs. 350, *i.e.*, has been able to dig 2,500 yards instead of 2,300 for the money originally granted.

SUBMITTED for the sanction of Government.

2. The Board are informed that in no part of Ganjam is employment more needed for than in the neighbourhood of Soorla, and suggest that sanction for work should be communicated to the Collector by telegraph. It is a pity the application was not made sooner.

No. 82. ORDER THEREON, 9th May 1872, No. 746.

Miscellaneous.

THE Government sanction the additional expenditure of Rs. 2,000 on the work in question, the charge being debited to "Salt, Petty Construction and Repairs," or "Charges connected with manufacture," as the Board deem most appropriate. The Collector will be informed accordingly by telegraph.
