Proceedings of the Madras Government, Revenue Department,
11th May 1872.

No. 104. Read the following Proceedings of the Board of Revenue, dated 30th April 1872, No. 687 :—

Read the following endorsement from the Collector of Nellore, dated 10th April 1872, No. 704, on letter from the Deputy-Collector in charge of the Salt Department, dated 6th April 1872, No. 30.

ABSTRACT.—Copy of Salt Deputy-Collector's letter No. 30, dated 6th April, submitting the report called for by Board's Proceedings, No. 486, dated 22nd March 1872, as to how it is that Iskapalli salt is sold at so much higher a figure in Calcutta than Korachee, and definite proposals for the disposal of stock on hand at Gogulapalli, submitted with his opinion that, if it be decided to continue to manufacture salt for export from Iskapalli, Gogulapalli should be retained.

THE Board are not altogether satisfied with the reasons given for the falling off in the export trade, but there is evidently no prospect of reviving it, and the manufacture for export at Iskapalli will therefore cease absolutely. The Board are nevertheless averse to abolishing the Gogulapalli pans for the reasons which have been urged by successive Collectors and because it would perhaps be necessary to grant compensation to the manufacturers who would be deprived of the means of living and almost compelled to resort to smuggling, at any rate for some years. They resolve therefore to request the sanction of Government for the retention of Gogulapalli permanently.
