No. 173. Read the following Proceedings of the Board of Revenue, dated 8th May 1872, Miscellaneous No. 3,328:—

Read the following letter from the Officiating Sub-Collector in charge, Nellore, to the Secretary to the Board of Revenue, Madras, dated Nellore, 17th April 1872, No. 783.

With reference to the Board's Proceedings Miscellaneous No. 2,606 of the 10th instant, I have the honour to submit an indent for a small quantity (three pounds) of the Amorphous Quinine, said to be available, for distribution to Revenue-officers. The supply will be more serviceable if furnished in half and quarter ounce bottles.

2. On the supply being despatched to this Office, I beg that I may be instructed as to the rate per ounce at which the medicine is to be disposed of, if it be not intended for gratuitous distribution.

3. Referring to paragraph 2 of the Board's Proceedings No. 385 of the 28th February last, I beg to state that about twenty-seven ounces of the two pounds of *Sulphate* of Quinine, forwarded to this Office in September 1870, still remain unsold (to be accounted for perhaps by the heavy price, Rs. 3-1-7 per ounce) although extensive publicity of the facts of the medicine being available for sale has been given in the District Gazette. No instructions have been received as to the gratuitous distribution of this medicine.

The indent will be forwarded to the Principal Medical Store-keeper through the Inspector-General, Indian Medical Department, for supply in half and quarter ounce bottles as requested.

2. The Inspector-General is requested to state the price to be charged for it.

3. These Proceedings will be submitted for the information of Government, with reference to paragraph 4 of their Order No. 173, dated 29th January 1872.
