My dear friend.

The paper was
added by Lin. & I enclose
that the March ed.
has no less importance
than the Arrack & Loddy
Clips. I don't think
he wanted to put them
in a more favourable
position than the N.

Honeywell agreed to this.

The only thing that
had to be altered was
the duty on making beer.
The Bd directed it shd
be one anna a gallon.

On 21 May 72
No 814 Govt agreed to
this,

But they added that
the beer shops must

pay the same license
fee as arrack shops,
— and that happens
to be nothing.

I suppose I must
write officially if the
order is not modified

PROCEEDINGS OF THE BOARD OF REVENUE,

Dated 30th April 1872.

Read the following

No. 4th.

From

J. H. Bruce Esq.
Commissioner, Nilgiris

To

The Secretary to the
Board of Revenue.

Sir,

Your telegram of the 13th arrived that evening. The Government order, 9th April 1872 No. 570, arrived this morning.

Thirty six bidders for the Akkari sale attended at 1 P.M. I informed them of the intention of Government to allow Mr. Honeywell and other Beer brewers to manufacture and sell Beer of a strength not exceeding 8 per cent, for which privilege the Brewers would have to pay an increased licensed fee or an excise duty of so much per gallon as might seem proper to Government.

2. As some of the Bidders were Agents for Absentees, I thought it best to

postpone

ment of an Excise duty of one Anna an Imperial

mitted to Government.

postpone the sale, that this new condition respecting the strength of the Beer might receive consideration. All consented to the postponement and desired me to fix the 20th May for the sale.

3. I think Mr. Honywell should pay an excise duty; I have seen him on the subject and he is willing to pay, in addition to his present licenses, one anna a gallon on all the Beer that leaves his Brewery for consumption in this District.

I see no difficulty in recording with accuracy, the quantity of Beer that leaves his Brewery for local or foreign consumption.

Mr. Honywell's wholesale and retail shops shall be numbered and he must apply to me for a permit for so many bottles or gallons to leave his Brewery on a certain day for a certain shop.

The Permit Book will contain 3 slips - one to remain in the Book to

10
to be returned to Mr. Honywell to accompany the liquor in transit. One to be filed in my office for calculating the excise duty, and one to be sent to the Police Inspector who will occasionally stop the carriers and compare the liquor in transit with the permit.

Mr. Honywell's licence to brew is revocable forthwith if any of his liquor is caught outside unaccompanied by a permit.

4. A great deal of Mr. Honywell's Beer is sent out of the District to Me. = talpolliam and Wyniad - Is this also to be assessed by me on the excise principle at 1 anna a gallon? I think it ought.

5. I am informed that Mr. Honywell or his Partner or Agent brews and sells Beer at Banga. = lore, and that he has to pay there, * 2 annas a gallon - whether true or otherwise

* a Municipal
tax I believe

otherwise, I do not know.
