I AM directed to request that, with the permission of His Excellency the Governor in Council, you will be good enough to furnish the Government of India, as soon as possible, with a classified statement showing the quantity of salt that paid duty, the quantity sold to the French Government, and the quantity exported from the Madras Presidency, as well as the amount of duty realized in that Presidency during the year 1871-72.

REFERRED to the Board of Revenue for the desired statement.

No. 249. Proceedings of the Board of Revenue, dated 17th May 1872, Miscellaneous No. 3,542.

Read endorsement of the Officiating Chief Secretary to Government, Revenue Department, dated 15th April 1872, on letter from the Under-Secretary to the Government of India, Department of Agriculture, Revenue, and Commerce, dated 8th April 1872, No. 26.

---

THE return of salt-sales, with the duty realized during the official year 1871-72, is submitted to Government for transmission to the Government of India as required by them.

2. The term duty has been taken to mean the revenue realized by the sale of salt; this interpretation has been given in the statements called for by the Government of India in the letter dated 10th July 1871, No. 11, recorded in Government Order dated 14th August 1871, No. 1,358, and has been apparently acquiesced in by them.

3. The net revenue, after deducting cost of salt made for Government and establishments, would perhaps correspond more closely than the gross revenue to the duty levied on salt in other provinces.
