*Proceedings of the Madras Government, Revenue Department,
30th May 1872.*

No. 295. Read the following Proceedings of the Board of Revenue, dated 16th May 1872, No. 786 :—

Read the following Proceedings of the Madras Government, dated 25th April 1872, No. 674, Revenue Department :—

Read the following letter from the Under-Secretary to the Government of India, Department of Agriculture, Revenue, and Commerce, (Statistics,) to the Secretary to the Government of Madras, dated Fort William, 15th April 1872, No. 176 :—

I AM directed to invite attention to the Circular Resolution from this department No. 1-14, dated the 18th of January last, and to request that, with the permission of His Excellency the Governor in Council, you will be good enough to expedite the submission of the Prices Current therein prescribed.

2. I am to take this opportunity of asking what and how many districts the return will include in the Madras Presidency, and what will be the earliest date after the end of the week, at which it can be placed in the hands of the Government of India.

ORDER THEREON, 25th April 1872, No. 674.

Miscellaneous

COMMUNICATED to the Board of Revenue, with reference to the Proceedings of Government dated 26th

January 1872, No. 168-A. They will be requested to submit, at an early date, the information required in paragraph 2 of the letter above recorded.

(True Extract.)

(Signed) W. HUDLESTON,
Officiating Chief Secretary.

COMMUNICATED to all Collectors, who will be good enough to carry out the instructions conveyed in paragraph 9 of the Board's Proceedings, No. 537, dated 6th April 1872, *with the least possible delay.*

2. Then, on receipt of the standard imperial measures applied for in paragraph 8 of the same Proceedings, the Board will be in a position to carry out the commutation of local into imperial measures with some hope of reasonable accuracy. Till then nothing can be done towards the submission of the Prices Current in the form required.

3. With reference to paragraph 2, the Board observe that in paragraph 13 of the same Proceedings, they resolved not to call for prices from any place where there is not at least a Deputy Tahsildar who can be held responsible for their accuracy. Consequently the returns will come from about 330 places. They will then have to be converted into terms of an Imperial Ser in the Board's Office, (a work of some labour and great responsibility which will occupy one man for at least a week,) so that it seems in the highest degree unadvisable to attempt to compile them more than *once a month*, at any rate for some time to come.
