*Proceedings of the Madras Government, Revenue Department,
11th June 1872.*

No. 135. Read the following letter from FRANCIS BORTHWICK, Esq. of Messrs. Gordon, Woodroffe, & Co., to the Secretary to Government, Revenue Department, Fort St. George, dated Madras, 6th June 1872 :—

I TAKE the liberty of writing a few lines to you direct regarding a matter which was placed before the Board of Revenue officially by my Firm last Apr^l. I enclose a copy of our letter to the Secretary of the Board and of the reply written by you of the 11th June on which I write.

2. We have no application. I have just heard from Mr. Robertson of the Government Farm, an order just passed by Government to forward a direct Indent immediately to England for this very manure, it occurs to me there may possibly be some mistake, and that a note to you direct, whilst saving time, may be the means of saving Government needless trouble, likewise expense, as we have 10-15 tons of the Phospho Guano on the spot, and to the best of my belief can supply it at a lower cost than Government have authorized to be paid.

Apologising for troubling you, I am, etc.

No. 136. ORDER THEREON, 11th June 1872, No. 925.

Miscellaneous.

The Government are not disposed to substitute a supply of Phospho Guano, from Messrs. Gordon, Woodroffe & Co.'s stock, for the Indent on the Secretary of State for Peruvian Guano.

2. Mr. Broughton will be requested to state whether he wishes to try the "Phospho Guano" on the Cinchona Plantations.
