SIR,

Dated 9th August 1873 No. 4138

By a Memo received from the Deputy Accountant General, I learn that a reference to Government has been made by him on the subject of the discretionary power granted to me in Government order Dated 28th December 1859 No. 1779 to use the unappropriated salaries for one months in any other within the year.

2. I have the honour to represent that owing to the weak state of my office Establishment, it has been out of my power to issue for general use lithographed copies of the several manuscript maps lodged in my office and that on this account Government in their order dated 26th June 1873, No. 1663A Public Works Department, have accorded sanction to the employment in my office of a temporary Establishment at a monthly cost of Rs. 314 from the

provisions

provision in the Public Works Budget.

3. In the event of my being prohibited from making use of the savings under one head, in any other as I have done for 15 years, I shall not be able to fulfil the estimate given to the Secretary to Government D. P. W. of printing and issuing large scale maps within the time fixed by him.

4. It would of course be pleasanter & putting financial considerations aside it is, I may say, desirable to fill up the vacancies of Manager and other well paid appointments in my office but the want of sufficient men in the Draftsmens grades is & has for some time been a more immediate & pressing consideration.

I beg to therefore that Government will under these circumstances be pleased to sanction the continuance of the discretionary power entrusted to me in the order above referred to.

I have the honour to be
