

*Proceedings of the Madras Government, Revenue Department,
8th October 1873.*

No. 54. Read the following Endorsement of the Secretary to Government, Public Works Department, dated Ootacamund, 6th October 1873:—

Read the following letter from Colonel J. G. TOUCH, conducting the duties of Controller of Military Accounts, to Colonel A. C. SILVER, Secretary to Government, Military Department, dated Fort St. George, 30th September 1873 A.

I HAVE the honour to forward a letter* from the Officiating Quartermaster-

* No. 6,712, dated 24th September 1873. General to your address, soliciting sanction for the supply of four Norton's tube-wells for use of the troops at the ensuing Camp of Exercise at Bangalore.

2. The supply appears necessary. The issue might be made from the Public Works Stores on loan, the indent submitted by the Commandant Sappers and Miners being sanctioned accordingly, on the condition that, on return of the apparatus, any repairs required should be charged to the Military Department and met from Grant XIV., major head "Miscellaneous," minor head "Camp of Exercise."

REFERRED, with the Quartermaster-General's letter, 24th September 1873, No. 6,712, to the Public Works Department, for very early information as to whether the required tube-wells, with driving apparatus complete, can be supplied on loan, on the understanding that the Military Department will bear the charge of any repairs that may be required to them on their return into store.

OOTACAMUND,
4th October 1873.

(Signed) A. C. SILVER, Colonel,
Secretary to Government, M.D.

TRANSFERRED to the Revenue Department, with the suggestion that, as it is understood that Norton's tube-wells belonging to that department in the custody of the Store-keeper of machinery are not wanted, and can conveniently be spared, the supply of four tube-wells for use of the troops at the ensuing Camp of Exercise at Bangalore be sanctioned free of charge, and authority granted for the articles being permanently retained in the Stores of the Commandant of Sappers and Miners.

(Signed) G. W. WALKER, Colonel, R.E.,
Secretary to Government, P.W.D.

No. 55. ORDER THEREON, 8th October 1873, No. 1,076.

Miscellaneous.

THE transfer of four tube-wells complete to the Military Department is sanctioned. It is observed, however, that probably two sets of driving apparatus, with tools complete, will be found to be sufficient, as once the wells are sunk they are no longer required. Only twenty sets were received with one hundred pumps.

*Proceedings of the Madras Government, Revenue Department,
8th October 1873.*

2. When no longer required for the camp, the articles may be permanently retained in the stores of the Commandant of the Sappers and Miners.

(True Extract.)

1. The transfer of four tube wells complete to

the hulk belt is sanctioned. It is observed,

however, that probably two sets of drawing

information will be found to be sufficient as

the wells are such that they are no longer

required. Only 20 sets of drawings etc are

received with one hundred pounds.

When no longer required for the camp, the
