Proceedings of the Madras Government, Revenue Department,
9th October 1873.

No. 62. Read the following letter from R. KNIGHT, Esq., Assistant Secretary to the Government of Bengal in the Agricultural Department, to the Hon. R. A. DALYELL, Acting Secretary to the Government of Madras, dated Calcutta, 22nd September 1873, No. 2,851 :—

On the 26th July last I had the honour of asking you, with the permission of your Government, to furnish the Lieutenant-Governor with certain information about jute for the use of the Bengal Jute Commission. Again, on the 4th August, I had the honour of asking for certain particulars regarding flax, hemp (sunn), and gunja grown within the territories subject to your Government. I am now directed to state that, if you should be in a position to favour the Lieutenant-Governor with the desired information on both these points, he will be much obliged. But in case your Government should be instituting inquiries into the cultivation and production of other fibres, and in case such inquiries should take time, I am to submit that the Lieutenant-Governor would be very much obliged if you could favour this Government with a reply to my letter of the 26th July only. He wishes to learn exactly whether jute, as known in Bengal, is grown outside Bengal. It has been ascertained that plants with precisely the same pods as the Bengal plants are grown on the border of the Chilka Lake; and the Customs returns show that a certain amount of jute is exported annually from Madras and Bombay. The Lieutenant-Governor wishes, therefore, to exhaust, as far as possible, the facts [illegible] production of jute in different parts of India before the Jute Commission sends in its report.

No. 63. Order thereon, 9th October 1873, No. 1,080.

Communicated to the Board of Revenue, who will be good enough to furnish at once the information called for in G. O., 19th August 1873, No. 869.

AGRICULTURAL DEPARTMENT.

SIR,

ON the 26th July last, I had the honor of asking you, with the permission of your Government, to furnish the Lieutenant-Governor with certain information about jute for the use of Bengal Jute Commission. Again, on the 4th August, I had the honor of asking for certain particulars regarding flax, hemp (sunn), and gunja, grown within the territories subject to your Government. I am now directed to state that if you should be in a position to favor the Lieutenant-Governor with the desired information on both these points, he will be much obliged. But in case your Government should be instituting inquiries into the cultivation and production of other fibres, and in case such inquiries should take time, I am to submit that the Lieutenant-Governor would be very much obliged if you could favor this Government with a reply to my letter of the 26th July only. He wishes to learn exactly whether jute, as known in Bengal, is grown outside Bengal. It has been ascertained that plants with precisely the same pods as the Bengal plants are grown on the border of the Chilka Lake; and the Customs returns show that a certain amount of jute is exported annually from Madras and Bombay. The Lieutenant-Governor wishes therefore to exhaust as far as possible the facts about the production of jute in different parts of India before the Jute Commission sends in its report.

I have the honor to be,

SIR,

Your most obedient servant,

Asst. Secretary to the Govt. of Bengal.
