Proceedings of the Madras Government, Revenue Department, 28th January 1873.

No. 216. Read the following Proceedings of the Board of Revenue, dated 15th January 1873, No. 53:—

Read the following letter from G. VANSAGNEW, Esq., Collector of Nellore, to the Secretary to the Board of Revenue, dated 16th December 1872, No. 2,922:—

I HAVE the honour to submit, for the early sanction of Government, a revised plan and estimate, amounting to Rupees 1,560, for the Salt Cutcherry at Kanuparti, received from the District Engineer, Nellore, with his letter of the 7th instant, No. 3.

1 Plan.
2 Detailed and Abstract Estimate.
1 Comparative Statement.
1 Specification Report.
1 Statement of work.

2. The original estimate for this work, amounting to Rupees 1,060, was sanctioned in 1867, and the execution of the work was undertaken by the Public Works Department in 1869; but it was stopped for want of funds, and left incomplete as no provision had been made to complete the building, with the exception of a small allotment of 200 Rupees sanctioned by Government in 1870.

G. O., No. 1,253, 4th June 1867.

G. O., No. 177, 8th February 1870.

3. No provision for this much needed building has since been made in either the Imperial or Provincial Budgets. In those for next year copies of which have been sent to me by the District Engineer, the only allotment to revenue buildings is the single item of Rupees 3,600 to complete the Sub-Collector's Cutcherry at Ongole, and the very limited grant to Petty Construction and Repairs has already been fully allotted.

4. Under these circumstances, I trust the Government will be moved to make some provision for the work in the Public Works Department during the next official year. It is admirably adapted to the requirements of the Salt Department, and the sooner its execution is undertaken the better. The walls had been raised to their full height when the work was stopped, and they are now cracked from exposure to the sun and weather. The estimate submitted remedies all defects before further new work is undertaken.
