*Proceedings of the Madras Government, Revenue Department,
14th October 1873.*

Read the following papers:—

No. 104. Official Memorandum from the Acting Sub-Secretary to the Board of Revenue, to J. STURROCK, Esq., Acting Under-Secretary to Government, Revenue Department, dated Madras, 16th September 1873, No. 1,413.

THE undersigned is directed to inform the Under-Secretary to Government, in the Revenue Department, with reference to his official memorandum, dated 5th September 1873, No. 159, that the charge can be met from general savings under "Salt."

No. 105. Proceedings of the Board of Revenue, dated 1st September 1873, No. 1,726.

Read again Proceedings of the Board of Revenue, dated 12th June 1873, Miscellaneous No. 3,583, and 6th August 1873, Miscellaneous No. 4,934.

Read also the following letter from W. McQUHAE, Esq., Collector of Madura, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Dindigul, 31st July 1873, No. 247.

As required in the Proceedings of the Board, Miscellaneous No. 3,583, of the

1 Plan.

1 Revised estimate, for Rs. 7,680.

1 Specification.

1 Old revised estimate, for Rs. 9,240.

12th June last, I have the honour to submit a revised estimate for the construction of eighteen Police-huts at Mutturagunadapatam, at a cost of

Rs. 7,680, prepared in accordance with the instructions of the Board.

2. Copy of the District Engineer's letter, No. 1,707, of the 23rd July, forwarding the estimate, is also submitted for the consideration of the Board.

THE Board submit the enclosed estimates for the sanction of Government.

Rupees 6,160 are required for the construction of Police huts at Kuttanguli and Coilpatam, in Tinnevely, and Rupees 9,240 for the construction of Police huts at Muttaregunadapatnam, in Madura.

2. The Board inquired whether a saving might not be effected by the use of brick-in-mud instead of brick-in-chunam, as provided for in these estimates. The result of their inquiry, however, was to convince them that on the sites in question the use of chunam was certain to be most economical in the end while the present saving by the substitution of mud would have been very small. The Board have been guided by the very strongly expressed opinion of the Superintending Engineer, Colonel Roberts, on this point.

3. As the works are of an emergent character and must be pushed on in order that they may not be overtaken by the monsoon, the Board have anticipated the sanction of Government and authorized the Collectors of Madura and Tinnevely to commence the works.

Proceedings of the Madras Government, Revenue Department,
14th October 1873.

4. The plan of the huts at Muttaregunadapatnam is drawn and coloured as for brick-in-mud; the details are given correctly in the estimate.
5. The plan and estimate for Kuttanguli and Coilpatam will be sent hereafter.

No. 106. ORDER THEREON, 14th October 1873, No. 1,101.

Miscellaneous.

As it appears that the Police-huts referred to in the foregoing papers are under construction, the Governor in

Council sanctions the expenditure of Rupees 15,400, the charge being met from the source indicated by the Board.

2. Provision for all charges of a similar character should, in future, be made under "Petty Construction and Repair," a sub-head of "Salt."

Sir,

I have the honor to forward the
revised estimates called for in the
Board's Proceedings Miscellaneous No. 3584,
dated 12th June 1873.

2. The saving effected by the
partial substitution of mud for
chunam amounts to 40 Rupees or less
than 1 per cent on the estimates. The
District Engineer does not recom-
mend the change proposed and I
quite agree with him, as both stone
and Chunam are procurable close
by the proposed sites of the buildings.

3. As nine months have elapsed
since these estimates were prepared
and

and the Superintendent of Police is very
anxious to see his constables house'd be-
fore the North East monsoon sets in,
I shall be obliged by receiving sanction
at as early a date as possible.
