Proceedings of the Madras Government, Revenue Department,
27th October 1873.

No. 275. Read the following Proceedings of the Board of Revenue, dated 6th October 1873, Miscellaneous No. 6,653 :—

Read the following letter from W. S. FOSTER, Esq., Acting Collector of the Godavery District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Coçanada, 18th September 1873, No. 305.

WITH reference to the Board's Proceedings, dated 28th May 1873, Miscellaneous No. 3,233, I have the honour to forward, duly countersigned by the District Engineer, an estimate for a new salt canal, amounting to Rs. 2,155, which forms part of the project for improving the supply of salt-water to the salt-pans of Penugudaru, and prepared by the Salt Deputy-Collector; and I request that the Board will obtain sanction of the Government for the same.

2. The Salt Deputy-Collector states that this estimate is for the new canal which the Government, in their order, dated 14th May 1873, No. 1,338, Public Works Department, paragraph 2, considered it advisable to carry out on a smaller section than the one proposed in the project in question. He further states that the proposed section is only 13 yards at the top and 5 yards at the bottom, the mean breadth being 9 yards, which is very little more than the width of two ordinary boats. He is, therefore, of opinion that the canal must be of the same section as was originally proposed, so that it may afford free passage for the salt boats going up and down the canal at one and the same time.

THE Collector's proposal is submitted for the sanction of Government, with reference to G. O., 14th May 1873, No. 1,338.

2. The width of the canal now proposed will be sufficient if lie-byes are constructed at intervals to allow of boats passing each other and of the up and down traffic being both worked together.

No. 276. ORDER THEREON, 27th October 1873, No. 1,188.

Separate Revenue, No. 15.
Salt.

THE estimate is sanctioned.

MISCELLANEOUS No. 6653. REVENUE DEPARTMENT.

PROCEEDINGS OF THE BOARD OF REVENUE,

Dated 6th October 1873.

Read the following

From No. 305
W. S. Foster Esquire
Acting Collector

To
H. E. Stokes Esquire
Acting Secretary to the Board of Revenue

SIR,

With reference to the Board's Proceedings dated 28th May 1873 Miscel Customs No. 3233 I have the honor to forward duly Countersigned by the District Engineer an Estimate for a New Salt Canal amounting to Rs. 2153 which forms part of the Project for improving the supply of Salt Waters to the Salt pans of Tenguduru and prepared by the Salt Deputy Collector, and I request that the Board will obtain Sanction of the Government for the Same.

2

2 The Salt Deputy Collector states that this Estimate is for the new Canal which the Government in their order dated 11th May 1873 No. 1338 Public Works Department para 2, considered it advisable to carry out on a smaller Section than the one proposed in the Project in question. He further states that the proposed Section is only 13 Yards at the top and 5 yards at the bottom, the mean breadth being 9 Yards, which is very little more than the width of two ordinary boats. He is therefore of opinion that the Canal must be of the same Section as was originally proposed, so that it may afford free passage for the Salt boats going up and down the Canal at one and the same time.
