2. The receipts, compared with the current year's, show a decrease of Rupees 1,164,* but in 1872-73 Rupees 1,234 were realized by sale of a bandy-petta, which is not an ordinary annual receipt.

3. The Rupees 600 allotted for New Works include provision of Rupees 300 for the construction of a latrine in the

Fort, and Rupees 200 for a toll-gate on the road to Bhowany. The provision under Repairs is for maintenance of municipal roads, &c. There is, besides, the construction of a dispensary under contemplation, for which voluntary local subscription of Rupees 2,300 has been raised, and plans and estimates are under preparation. The Commissioners have not exhibited this transaction in the budget. The proposed contributions for Local Funds on account of educational inspection and vaccination have been agreed to by the Local Board and entered in their budget.

2. The receipts anticipated do not materially differ from the estimates for the current year, except in the case of Miscellaneous, in which the variation is satisfactorily explained.

3. The increased allotment Results Grants is satisfactory, and the Government also note with pleasure that it is proposed to make a small contribution to Local Funds on account of vaccination.

4. With reference to the abstract statement forwarded in accordance with G. O., dated 15th December 1871, No. 1854, the Government would observe that the expression "Opening balance borrowed" in the form required by the Accountant-General is an obvious misprint, which need not be re-produced.

5. The estimates are passed as submitted, and the usual notification will be issued.
