Proceedings of the Madras Government, Revenue Department, 28th October 1873.

No. 308. Read the following letter from J. W. GARDINER, Esq., Officiating Under-Secretary to the Government of India, Financial Department, to the Hon. R. A. DALYELL, Acting Secretary to the Government of Madras, dated Simla, 18th October 1873, No. 3,765 :—

In continuation of my letter, No. 1,280, dated the 30th June 1873, I am desired to forward copy of a Judicial despatch from the Secretary of State for India, No. 51, dated the 30th August 1873, and of its enclosure, from which it will be seen that there is little probability of even the 45 values of stamped papers, referred to in that letter, being ready by the end of the present year as was at one time anticipated ; and to request accordingly that what is not supplied by that time may be included in the indents to be transmitted in 1874.

Enclosure No. 1.

Despatch from the Right Honourable the Secretary of State for India.

Judicial,
No. 51.

India Office, London,
30th August 1873.

My Lord,—I have considered in Council your letter, in the Separate Revenue Department, No. 21 of 30th June last, regarding the provision of stamped papers.

2. In reply to the second paragraph of your letter, I enclose, for your information, a copy of a memorandum by the Director-General of Stores showing what values will, in all probability, be ready by the end of the present year.

3. As none of the values included in Class II., and only a portion of those in Class III., will be ready by the end of December, I request that such quantities as may be required may be included in the indents to be transmitted in 1874.

I have, etc.,
(Signed) ARGYLL.

His Excellency the Right Honourable
The Governor-General of India in Council.

Copy of a Memorandum by the Director-General of Stores, dated 22nd August 1873.

With reference to paragraph 2 of the India Separate Revenue letter, No. 21, of 30th June last, I have to report that there now appears to be little probability that the whole of the 45 values referred to in despatch to India, No. 61, of 31st December last, being ready by the end of the present year.

2. The values most advanced are those comprised within Classes IV. and V., and a portion of the stamped papers of each of these will probably be ready for shipment by the end of December next.

3. It is, also, possible that some of the values included in Class III., as well as the 1000-Rupee value (Class I.), may also be ready.

4. Neither the quantity nor exact values of the stamped papers included in Class III. that will be ready can at present be ascertained, and none of the values included in Class II. can be completed by the date mentioned.

5. I beg, therefore, to suggest that the Government of India be desired to include the values in Class II. and III. with those that will not be ready till the end of 1874, and to direct the local Governments to indent for such quantities as they require.
