Proceedings of the Madras Government, Revenue Department,
8th November 1873.

No. 39. Read the following Proceedings of the Board of Revenue, dated 24th October 1873, Miscellaneous No. 7,184 :—

Read the following letter from H. SEWELL, Esq., Acting Collector of Cuddapah, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 23rd October 1873, No. 204.

I HAVE the honour to report on the state of the season for the first half of the present month.

2. The quantity of rain in this fortnight, as measured at each taluq head-quarters, is detailed in the margin, and in consequence of the large amount the dry crops, which had nearly reached maturity, have suffered very considerably. The rain has also checked the operations of ploughing and sowing dry crops. As regards the second wet crops, the rain will be most beneficial, provided that the tanks hold out. Most of them are as full as they can be, and in the sub-division some tanks are reported to have breached. The rivers in all directions are full.
