Proceedings of the Madras Government, Public Works Department,
16th September 1873.

No. 222. Read the following Proceedings of the Board of Revenue, dated 12th August 1873, No. 1,547 :—

ABSTRACT.—*Public Works* in Bellary District.—Collector's report on—, submitted to Government with remarks.

No. 223. ORDER THEREON, 16th September 1873, No. 2,278.

CIVIL WORKS, No. 15.

COMMUNICATED to the District Engineer, Bellary.

2. The reports show that a considerable portion of the allotments made to the district were allowed to remain unutilized at the end of the year, one of the most important works on which short expenditure is especially noticeable being the Gootloor Tank restoration, the circumstances connected with which are reviewed in the orders of the 2nd September 1873, No. 2,184.

3. The surrender of the allotment made for diverting the flood waters near Cullamuddy is also unsatisfactory, authority having been conveyed for the immediate commencement of the work during the month of January.*

* G. O., No. 256, dated 27th January 1873.

4. The progress of Civil Buildings in the Bellary District during the year 1872-73 came under the consideration of Government in the orders noted in the margin, and no further notice of the subject seems necessary here.

G. O., No. 2,967, dated 14th Dec., 1842.
,, ,, 496, ,, 15th Feb., 1873.
,, ,, 1,229, ,, 30th April ,,

5. More satisfactory results are expected from the current year's operations, and His Excellency the Governor in Council relies on the District Engineer to adopt such measures as will ensure these anticipations being fully realized.

6. The result of the inquiries referred to in paragraph 14 of the Collector's letter will be awaited.
