Proceedings of the Madras Government, Public Department,
15th January 1873.

No. 41. Read the following extract from the Proceedings of the Government of India in the Department of Agriculture, Revenue, and Commerce, dated Calcutta, 3rd January 1873, No. 4 (Statistics):—

RESOLUTION.—More than one instance has been brought to the notice of the Governor-General in Council in which statistical forms prescribed by the Government of India have been modified by local Governments without any previous reference to the authority by which such forms were originally enjoined. It is obvious that such a practice will lead to the greatest confusion, and His Excellency in Council, therefore, desires that the attention of all local Governments and Administrations may be called to the subject, and express instructions issued that, without distinct permission, no alteration is to be made in any form laid down by the Government of India, and that returns are to be submitted in the exact forms prescribed. Should any difficulties be felt in filling these up, or should any defects be found in them, such difficulties or defects should at once be brought to the notice of the Government of India.

2. It is not, however, intended in any way to debar local Governments and Administrations from asking for any additional information beyond that given in the statements prepared for the Government of India, or from prescribing other returns for their own information.

ORDER.—Ordered that a copy of the foregoing Resolution be sent to the Governments and Administrations noted on the margin for information and guidance.
