*Proceedings of the Madras Government, Public Works Department,
19th February 1873.*

No. 447. Read the following letter from the District Engineer, Chingleput, to the Secretary to Government, Public Works Department, dated Guindy, 14th January 1873, No. 303 :—

I HAVE the honour to forward, for the orders of Government, the accompanying, statement received from the Collector of Chingleput, showing the amount of compensation claimed by the villagers of Meenjoor and Seemapooram for lands taken up for the Vulloor Anicut in view of their claims being adjusted.

1 Statement in original.

2. The Collector points out, with reference to my remarks in the statement, that the claim for compensation was preferred so long ago as 1868, but the subject does not appear to have come before this office earlier than 1872.

3. He further points out that the villagers will be liable to a water charge for any additional advantage they may derive from the anicut.

4. I observe that no provision was made for this purpose in the revised estimate sanctioned in G. O., No. 1,146, dated 29th April 1870, and the Executive Engineer, No. 1 Range, Chingleput District, reports that such claims were not anticipated when the anicut was projected.

No. 448. ORDER THEREON, 19th February 1873, No. 553.

IRRIGATION, No. 21.

THE payment of Rupees 521-5-10 for compensation for land taken up in connection with Vulloor Anicut Works, which project the District Engineer, Chingleput, reports was completed two years ago, is sanctioned, and the amount is placed at the District Engineer's disposal out of the sum surrendered from the Budam Project, G. O., No. 277 dated 28th January 1873.

2. The charge for compensation will be debited to the Vulloor Anicut, and the District Engineer should at once ascertain the assessment on the land for which this compensation is to be paid, as the Capital amount thereby represented has also to be recorded as a part of the cost of the project.
