REVENUE

G.O. No. 18-19 Dt. 12-187

Proceedings of the Madras Government, Revenue Department, 2nd December 1873.

No. 18. Read the following letter from H. RIVETT-CARNAC, Esq., C.S., Commissioner of Cotton and Commerce, with the Government of India, to D. F. CARMICHAEL, Esq., Secretary to the Government of Madras, dated Allahabad, 15th November 1873, No. 1,710:—

I HAVE the honour to request that, with the permission of His Excellency the Governor of Madras, I may be favoured with a statement showing the estimated area under cotton cultivation in the Presidency of Madras for the present season 1873-74.

2. Should the figures of the estimated area and outturn not yet be available, it might perhaps be possible to give a general estimate of the crop as being equal to or rather more or less than that of the past or previous seasons.

3. I should be glad to have the detailed figures as early as possible.

4. It would be convenient if the return could be sent in in the accompanying form. Perhaps the district officers might be authorized to send copies of the return to this office direct.
