Revenue DEPARTMENT.

G.O. No. 1378 Press Mis.

1057/76

Dated 9 - 12 - 1875.

Not to be folded or roughly handled

No. 105. Read the following letter from Captain J. G. CLOETE, Deputy-Superintendent, in charge of the Office of Superintendent, Revenue Survey, to D. F. CARMICHAEL, Esq., Secretary to Government, Revenue Department, dated Chepauk, 7th November 1873, No. 2,755-91:—

I have the honour to acknowledge receipt of G. O., 13th October 1873, No. 1,095, calling on me to report whether I can arrange for the survey and preparation of a Chart of the disputed tract of country on the boundary of Mysore and Coimbatore.

2. I have ascertained that the tract to be surveyed is about 20 miles in length, mountainous, covered with dense jungle and high grass, and extremely unhealthy for the greater part of the year.

3. I would remark, also, that we are already engaged on several special and difficult surveys which largely increase cost and impede current work.

4. If, however, the Government wish this survey undertaken, I would suggest that arrangements be made for the proposed Commission to visit the site about the 1st February; the Surveyor, whom I would depute immediately after the Christmas holidays, would then have completed his preliminary survey, and accompanying the Commissioners might make an accurate survey of the line they agree upon; we should thus avoid having to re-visit the place.

No. 106. Order thereon, 9th December 1873, No. 1,378.

Miscellaneous.

Under the circumstances detailed in paragraphs 2 and 3 of Captain Cloete's letter, His Excellency the Governor in Council resolves to inform the Chief Commissioner of Mysore that he is averse to directing a survey of the disputed tract until its necessity shall have been more conclusively demonstrated.

2. His Excellency is of opinion that if the Commissioners meet on the ground, they will be able to settle the boundary for all practical purposes without much difficulty and without the assistance of a specially prepared Chart.

Miscellaneous.

To Chief Commissioner of Mysore, dated 25th June 1873, No. 664.
Do. do. do., dated 30th October 1873, No. 1,211.

SIR,—In continuation of the correspondence noted in the margin, regarding a boundary dispute between Coimbatore District and Mysore territory, I am directed to inform you that the officer in charge as Superintendent of Revenue Survey reports that the tract to be surveyed is many miles in length, mountainous, covered with dense jungle, and extremely unhealthy for the greater part of the year.

2. Under these circumstances, and as the department is already engaged on several special and difficult surveys which are alike costly and obstructive to its more legitimate work, I am to state that His Excellency the Governor in Council is averse to directing this additional survey to be undertaken until its necessity shall have been more conclusively demonstrated.

3. His Excellency is of opinion that if originally suggested [illegible] the officers of the different Governments meet and examine the ground [illegible] that will be able to settle the boundary for all practical purposes without much difficulty and without the assistance of a specially prepared Chart of the disputed tract.

4. I am to add that, should you concur in His Excellency's views on the matter, an officer of a rank corresponding to that of the officer whom you may propose to depute will be at once nominated for this special duty.

I have the honour to be,
Sir,
Your most obedient servant,

(Signed) D. F. CARMICHAEL,
Secretary to Government.

To

The Secretary to Government
Revenue Department.

SIR,

I have the honor to acknowledge receipt of G.O. No. 1215 dated 22nd ultimo calling on me to report whether I can arrange for the survey & preparation of a sketch of the disputed tract of country on the borders of Coimbatore & Coimbatore.

2. I have ascertained that the tract to be surveyed would be within the Kanakkanayakanpalayam, Kaduvankuttai, Kuppepalayam & Kallipalayam villages of Perur Taluk Coimbatore District.

3. I regret to state that I am unable to undertake the survey of this tract during the present season as the Establishment is fully employed in the Nilgiris & Malabar Districts.

4. I have however arranged that the survey of this tract shall be taken up by the Establishment employed in the Coimbatore District as soon as the season admits of their working in the open country & I hope to complete the survey during the ensuing season.

5. I have the honor to forward herewith a sketch of the tract in question.

I have &c.

Should the Commissioners judge it necessary to have a preliminary survey to accompany the Commissioners and Engineer to see accurate survey of the lines they agree upon, we should then need survey to record the places.
