New Conservatory at the Government Gardens at Ootacamund.—Passing orders on the subject of the construction of a new Conservatory.

Proceedings of the Madras Government, Public Works Department,
19th November 1873.

No. 275. Proceedings in the Revenue Department, dated 20th August 1873, No. 875.

No. 278. ORDER THEREON, 19th November 1873, No. 2,805.

CIVIL WORKS, No. 17.

THE plan for a new Conservatory in the Government Gardens at Ootacamund having, in paragraph 5 of Revenue Department Order, No. 876, of 20th August, been referred for consideration in the Public Works Department, it is remarked that the space proposed by the Superintendent of the Gardens to be covered in is excessive, being no less than five times the space which the existing Conservatory covers. This alone accounts for the insufficiency of the sum allotted for the purpose in the Budget of the current year. It is curious that neither the District Engineer nor the Consulting Architect should have compared the Superintendent's demands with the space in actual use, and ascertained whether they were excessive or not.

2. The Consulting Architect's plan being ill-adapted for growing plants as well as too expensive, an alternative plan submitted by the Chief Engineer is referred to the Revenue Department for decision as to the further steps to be taken in the matter, the prosecution of which would appear to involve some alteration of the arrangements sanctioned in the Order in that Department, No. 1,025, of 22nd September.
