Proceedings of the Madras Government, Revenue Department,
12th December 1873.

No. 143. Read the following letter from A. O. HUME, Esq., C.B., Secretary to the Government of India, Department of Agriculture, Revenue, and Commerce, (Customs and Salt,) to the Hon. R. A. DALYELL, Acting Secretary to the Government of Madras, Revenue Department, dated Simla, 20th October 1873, No. 103 :—

In continuation of my letter, No. 88, dated the 26th ultimo, on the subject of the suppression of the manufacture of earth-salt in the Ceded Districts and Kurnool, I am directed to observe that so far as regards Hyderabad, which is referred to in paragraph 56 of Mr. Thornhill's report, the Treaty of 1802, Article III., must be borne in mind, and that no preventive measures should be taken on the Hyderabad frontier, except with the concurrence of the Nizam's Government.

2. I am to add that before His Excellency the Governor in Council takes any action in the matter in regard to that frontier, the Governor-General in Council will be glad to be furnished with a programme showing precisely what it is proposed to do.

No. 144. Order thereon, 12th December 1873, No. 1,399.

Separate Revenue, No. 8.
Salt.

Ordered that the foregoing letter from the Government of India be communicated to the Board of Revenue for information and guidance, with reference to paragraph 15 of G. O., 28th July 1873, No. 790.

2. The Government resolve to address the Resident at Hyderabad with a view to obtaining complete information regarding the manufacture of earth-salt in the Hyderabad territory, and desire that the Board will call upon the Collectors of all districts contiguous to that territory to report fully as to the existence and extent of any import trade therefrom in earth-salt.

Government should be addressed on the subject was drafted and passed.

3. The order has not yet gone out, and before it does so it is thought advisable to bring to notice that the Government of Indien also desire to be furnished with a programme showing proposals which it is intended to do before any action is taken on the question in regard to that Government should be asked whether there is a manufacture and if so, what are its localities and extent. The Board might also be called upon to obtain from the Collectors of all districts bordering the Hyderabad territory information as to the existence of any import trade in earth salt.

J.M.

engaging it is stated that there is no information on the prevalence of the system (manufacture of earth salt) in Hyderabad and that Dr. Thornhill's report (paras 31 and 32) merely states that "earth salt is made in Hyderabad."

6. Full information seems necessary, and it is suggested the draft order might be altered so as to direct that His Highness's Government should be asked whether there is a manufacture, and if so, what are its localities and extent. The Board might also be called upon to obtain from the Collectors of all districts bordering the Hyderabad territory information as to the existence of any import trade in earth salt.
