" " of Ganjam,	September " " 1,662.
" " of North Arcot,	October " " 524.
" " " "	September " " 455.

With reference to a statement made by the Collector of Tanjore that, owing to want of accommodation the records are kept in open verandahs and such other unsuitable places, and that the Board of Revenue, dated 8th January 1872, No. 52, called upon all the Collectors to state if there exists any necessity for enlarging and improving the buildings of the Taluq Establishments. The letter recorded are the replies.

2. The question of the establishment of Taluq Establishments will be separately disposed of. As regards the necessity for enlarging or re-building Taluq buildings, the replies above recorded show that, excepting in Tanjore, Madras, and Salem, the Taluq Establishments require enlargement or re-building.

3. The Board consider that early consideration should be paid to the subject, and accordingly resolve to forward the above to Government for their consideration.
